

October 10, 2006

At the regular meeting of the Board of Supervisors of Prince Edward County, held at the Court House, thereof, on Tuesday the 10th day of October, 2006; at 7:00 p.m., there were present:

William G. Fore, Jr., Chairman

Howard F. Simpson, Vice-Chairman

Pattie Cooper-Jones

Sally W. Gilfillan

Charles W. McKay

James C. Moore

Lacy B. Ward

Also present: Sarah Puckett, Assistant Administrator; Jill C. Dickerson, County Attorney; and Sharon Carney, Director of Economic Development and Tourism.

Absent: Robert M. Jones, Supervisor; Mildred B. Hampton, County Administrator; and Jonathan L. Pickett, Director of Planning and Community Development

The Chairman called the meeting to order and asked Supervisor James C. Moore to offer the invocation. Following the invocation, Chairman Fore advised that the County Administrator was absent due to an illness, and stated that he and the Board wished her a speedy recovery.

In Re: Public Participation

Mr. Jack Houghton, representing the Crestview Neighborhood Association, addressed the Board regarding several pending zoning matters. The first concerned a request involving the delineation of commercial zoning districts in the area of the Crestview Subdivision. Mr. Houghton noted that during the joint public hearing of the Board and Planning Commission there had been no mention of the Crestview Neighborhood Association's longstanding request for a change in the 300' commercial district that runs

along the Route 15 South corridor. He reminded the Board that repeated appeals had been made to have the commercial district boundary limited to east of Peery Drive and in line with other commercial development in the area.

Mr. Houghton also spoke of the need for appropriate due process with regard to requests made during the joint hearing by the Garland and Fariss families to have their properties, which are adjacent to Crestview, zoned commercial. He stated that on the basis of recent consultation, he had been advised “to put the Board on record that the two new requests for significant expansion of commercial zoning in the Crestview Neighborhood—namely the Garland and Fariss’ requests—constitute a completely new and separate zoning amendment proposal and are not covered by the County’s notices of joint public hearings on September 11, 2006”.

Mr. Houghton further noted that the Code of Virginia expressly requires that advertisements for public hearings “shall contain descriptive summary of the proposed action and reference to the place(s) within the locality where copies of the proposed plans, ordinances, or amendments may be examined”. He called the Board’s attention to the fact that the two new zoning requests had not been included in the advertisement for the September 11th joint hearing, had not been available to the public prior to the hearing, and only became public during the hearing. Because the new requests are materially different from what was advertised and represent a significant intensification of development; Mr. Houghton indicated new hearings, notifications, and other appropriate due diligence by the Board of Supervisors and Planning Commission are required. He then submitted copies of the following for the Board’s reference: 1) the 2006 NOTICE OF PUBLIC HEARING for the joint hearing held by the Planning Commission and Board of Supervisors on September 11, 2006, and 2) Section 15.2-2204 of the *Code of Virginia*.

Mr. Houghton asked that the request to limit commercial development in the vicinity of the Crestview Neighborhood be processed in accordance with all applicable laws, and put to a vote by the Board of Supervisors at the earliest possible date separate from the overall zoning ordinance amendment. He also asked that any new requests, including those presented verbally during the September 11th joint public hearing, be processed openly and in accordance with the same applicable laws and due diligence.

Following Mr. Houghton’s comments, Supervisor Ward asked how the Board planned to resolve the issue involving the Crestview Neighborhood Association’s request.

This opened discussion which led to a motion being offered by Mrs. Gilfillan that: 1) the Board of Supervisors direct the County Planner to work with Mr. Houghton regarding the request from the Crestview Neighborhood Association to limit commercial zoning to east of Peery Drive, and the Garland and Fariss families on their request to change the zoning of their residential properties to commercial; and 2) a public hearing be held on these two issues separate from the public hearing on the revised zoning ordinance.

The motion carried:

Aye:	Pattie Cooper-Jones	Nay:	William G. Fore, Jr.
	Sally W. Gilfillan		
	Charles W. McKay		
	James C. Moore		
	Howard F. Simpson		
	Lacy B. Ward		

After determining that the two requests would be considered separate from the zoning ordinance, Mrs. Gilfillan asked for a legal opinion from the County Attorney on whether they should be considered independent of one another. Mrs. Dickerson advised that she was not aware that the Garland or Fariss families had made a formal application for a change in zoning; and in the case of the Crestview Neighborhood Association, a zoning determination was being requested on properties not owned by the citizens making the request.

Supervisor Gilfillan asked that the County Planner be directed to meet with the individuals and provide the Board of Supervisors with a detailed report on each issue (at the November 15, 2006 meeting) so both matters may move forward separately.

In Re: Approval of Minutes – September 12, 2006

On motion of Mr. Moore and adopted by the following vote:

Aye:	Pattie Cooper-Jones	Nay:	None
	William G. Fore, Jr.		
	Sally W. Gilfillan		
	Charles W. McKay		
	James C. Moore		
	Howard F. Simpson		
	Lacy B. Ward		

the minutes of the meeting held September 12, 2006 were approved.

Supervisor Robert M. Jones entered the meeting at this time.

After the vote was taken approving the minutes as presented, Mr. Ward asked for clarification of the recorded vote to adjourn the September 12th meeting. The minutes listed five members as voting to adjourn and three as not voting.

Mrs. Gilfillan stated she had voted against adjournment and asked that the minutes be corrected to reflect her vote. Supervisor Cooper-Jones indicated she had also voted against adjourning the meeting; and Mr. Ward said he voted against, if he voted.

Mr. Ward recounted that during a point of disruption, which included name-calling and expressed anger, a motion had been abruptly made to adjourn. "I know we are going to disagree but we have an obligation to respect each other, especially if we expect the people of this County to respect us. If anyone feels they can't remain at a meeting, I think they should get up and leave. They should not yell out...because of something they disagree with, or refer to another Board member by a name that is not his or her name and cause so much confusion...I hope that doesn't happen again."

Supervisor Jones said that he had made the motion to adjourn the September 12th meeting "because our County Attorney had warned us three or four times that we were treading on issues that were not to be discussed in public about personnel. I felt that to keep us out of legal trouble, it would be appropriate if we went ahead and adjourned."

September 27, 2006 Minutes – The minutes of the September 27, 2006 meeting contained action whereby the Board voted to deny a request from Mr. Ward that he be granted access to the personnel files of three employees in the County's maintenance department. While considering these minutes, Mr. Ward brought out the fact that the Personnel Policies Manual states, "Only officials and representatives of the County who have a legitimate reason to review information in a file are allowed to do so." He felt that as elected officials, Board members had the right to review information in personnel files particularly in situations where the law or County's regulations may have been violated, and as part of the County Administrator's annual review.

Mr. Ward referenced several actions that had taken place involving the promotion/demotion of employees in the maintenance department, and indicated that his reason for wishing to view the personnel files was to determine if those actions were appropriate. He also noted that no legal opinion had been sought prior to the vote precluding Board members' access to personnel files, and asked that the County Attorney review the issue, and if necessary, request a ruling from the Attorney General.

Supervisor Cooper-Jones agreed that legal advice was needed. "We have a serious problem. The only way we will get to the root of the problem is to have an investigation and get a legal opinion...It's not going to go away...We are not going to sweep it under the rug. It's going to keep coming back until we settle what has to be done. I don't see any reason why we can't see (what's in the personnel files). We are the Board—the keepers of the County."

Speaking as chairman of the Personnel Committee, Mrs. Gilfillan also felt the County had "a very serious legal problem in the personnel situation in maintenance...We have two people who were told they were supervisors and then told they were not...One of the maintenance people came to (the Committee) and said now nothing is working in maintenance. That is one issue. The other issue is this very serious legal problem (that) I think has been handled... in a way that has made the situation worse...We are now sitting on a very serious legal problem... that is our duty to fix...Not being an attorney and not specializing in employment law, I don't know how to fix it, but we better fix it."

Noting that three public hearings had been advertised for 7:30 p.m., the Chairman asked that the Board return to its agenda at this time.

In Re: Public Hearing – Amendments to County Dance Hall Ordinance

Chairman Fore announced this was the date and time scheduled for a public hearing on proposed amendments to the County's Dance Hall Ordinance that would require the owner or operator of the dance hall to provide security officers. Notice of this hearing was advertised according to law in the September 22, 2006 and September 29, 2006 issues of THE FARMVILLE HERALD, a newspaper published in the County of Prince Edward. The floor was opened for public input.

Mr. Donald Hunter asked for clarification of the term "security officers". The Chairman read from the proposed amendments prepared by the County Attorney. "A security officer shall be a deputy,

peace officer, or special police officer, if such an off-duty assignment is permitted by such appointee's department, or a private security officer procured by the public dance hall owner or operator, through a private security business licensed pursuant to the Code of Virginia, 1950, as amended."

Based on past experiences, Mr. Hunter expressed concern about the use of private security officers. Being a deputy himself, he told the Board that the Sheriff's Department was often called to respond to problems that were "caused by the private security companies".

Mr. Jamaal Johnston, owner of a private security business, objected to Mr. Hunter's comment that private security professionals were often the cause of problems. He noted that as with any other business, it depended on the company being dealt with.

Mr. Wyatt L. Overton expressed the opinion that dance hall security should be limited to sworn deputies because of their power to make arrests. He also felt that by being in uniform, deputies would command more respect than private security personnel.

Again, Mr. Johnston objected to the comments advising that pursuant to the *Code of Virginia*, private security officers that are registered by the State have the authority to make arrests. He also advised that his company provided uniforms for its employees.

Supervisor Simpson asked Sheriff Travis Harris his opinion of allowing private companies to provide security for dance halls. Sheriff Harris indicated there had been incidents in the past when fights had escalated to riot-like conditions because private security officers did not know how to deal with crowd control. He told the Board that all deputies were required to attend a twenty-two week training program at the Police Academy in order to become certified officers, and that his department had no problem in accommodating requests for off-duty deputies to provide security and had done so many times in the past.

Discussion continued among the Board members with regard to limiting the provision of security at dance halls to deputies only. Mr. Cornell Walker addressed the Board of Supervisors accusing them of not listening to the people. "I am ashamed of this Board. You are the elected officials of Prince Edward County but yet...(you do) not listen, and you need to." Mr. Walker's wife, Elsie, also commented that the Board should not "stereotype" individuals.

There being no one else wishing to speak, the public hearing was closed.

After some further discussion, a motion was made by Supervisor Cooper-Jones and carried:

Aye: Pattie Cooper-Jones
William G. Fore, Jr.
Sally W. Gilfillan
Robert M. Jones
Charles W. McKay
James C. Moore
Howard F. Simpson
Lacy B. Ward

Nay: None

amending Prince Edward County's Dance Hall Ordinance as follows:

Section 6-106. Security officers required.

The owner or operator shall, at his expense, provide security officers as follows:

(1) At least one (1) security officer for the first one hundred (100) patrons, or portion thereof, shall be in attendance at any public dance hall. Thereafter, an additional security officer shall be provided for every additional one hundred (100) such patrons, or portion thereof; and

(2) For purposes of this section, a "security officer" shall be a deputy, peace officer, or special police officer, if such an off-duty assignment is permitted by such appointee's department, or a private security officer procured by the public dance hall owner or operator, through a private security business licensed pursuant to the Code of Virginia, 1950, as amended.

Failure to comply with this requirement shall result in revocation of the dance hall permit issued to such owner or operator.

In Re: Public Hearing – Conditional Use Request-Southern Sales, Inc.

The Chairman advised that this was the day and time set for a public hearing on the following conditional use request:

A conditional use request of Southern Sales, Inc. to operate a sales and rental business on the property of Andrews Large Realty Corporation, located at 23579 Prince Edward Highway (Hwy 460); Tax Map #40-4-1, Lockett District. Sales will include utility trailers, used vehicles, modular homes and storage space available for rent.

Notice of this hearing having been advertised in the September 27, 2006 and October 4, 2006 editions of THE FARMVILLE HERALD, the floor was opened for discussion.

Mr. J. A. Clary, President of Southern Sales, Inc., was present to answer questions from the Board and presented a plat of the property.

The Chairman advised that the property was located adjacent to the Norfolk Southern Railroad corridor and called the Board's attention to a letter in the table packet from Mr. Robert S. Munson, of the Department of Conservation and Recreation. In his letter, Mr. Munson spoke of clearing activities by an

adjoining property owner that had encroached onto railroad property. “The clearing activity included removal of all existing trees and vegetation on the railroad embankment. Additionally, it appeared as though the toe of the slope had been cut by the heavy equipment used for clearing the site.”

The Department of Conservation and Recreation was seeking assistance from the County in protecting the setting and appearance of the High Bridge Trail State Park, and asked that Mr. Clary’s conditional use permit require him to replace the vegetative materials that were removed and repair damage done to the toe of the slope. DCR also requested “that in addition to planting an effective vegetative ground cover on the railroad embankment to prevent erosion, (he) be required to establish a vegetative buffer along his side of the property line that when fully grown will provide suitable screening of his business by park visitors walking or bicycling on the Trail. DCR staff would prefer to provide advice on which seed mixes and tree species to plant to ensure the most successful results.”

Board members were also told that the Planning Commission had recommended the following conditions:

- Lighting be downward focused and away from any neighboring residences
- Hours of operation be 8:00 a.m. to 6:00 p.m.
- Land usage conform to the site plan
- Vehicles for sale be limited to 15 on the site at any given time
- Storage units receive an appropriate exterior finish
- Landscaping on the lot and buffering on the borders be done in conjunction with the County Planner.

When asked if he had obtained a commercial entrance permit, Mr. Clary advised that he had contacted the Highway Department and was told they would get back with him if there was anything more he needed to do. Mr. Clary indicated he had not received any further word from VDOT.

Supervisor Jones, the Board’s representative to the Planning Commission, asked that if the Supervisors planned to take action on Mr. Clary’s request, they add a stipulation to the Commission’s recommendations that buffering on the borders be done in conjunction with the County Planner and Department of Conservation and Recreation.

After some further discussion, the public hearing was closed and a motion made by Mr. Simpson that the matter be tabled until the Board’s regularly scheduled meeting in November. In addition, Mr. Simpson

asked that a meeting be arranged with Mr. Clary, Mr. Munson, representatives of the Virginia Department of Transportation, one or two Board members, the County Planner, and the Assistant County Administrator to work out issues involving Mr. Clary's request. The motion carried unanimously:

Aye:	Pattie Cooper-Jones William G. Fore, Jr. Sally W. Gilfillan Robert M. Jones Charles W. McKay James C. Moore Howard F. Simpson Lacy B. Ward	Nay: None

In Re: Public Hearing – Conditional Use Request-Jody and Stella Bishop

The Chairman advised that this was the day and time for a public hearing on the following conditional use request:

A conditional use request of Jody and Stella Bishop, to amend their existing conditional use permit for operation of Sam's Diner, located at 9024 Prince Edward Highway (Hwy 460), Prospect District. Present permit allows hours of operation from 6:00 a.m. until 6:00 p.m., Monday through Saturday. The amendment is requesting hours of operation Monday through Saturday until 9:00 p.m. and add hours of operation on Sunday from 8:00 a.m. to 6:00 p.m.

Notice of this hearing having been advertised in the September 27, 2006 and October 4, 2006 editions of THE FARMVILLE HERALD, the floor was opened for discussion.

Mr. Cornell Walker spoke in favor of the request advising that the Diner offered good food at fair prices.

There being no one else wishing to speak, the public hearing was closed.

Mr. McKay moved approval of the request. The motion carried:

Aye:	Pattie Cooper-Jones William G. Fore, Jr. Sally W. Gilfillan Robert M. Jones Charles W. McKay James C. Moore Howard F. Simpson Lacy B. Ward	Nay: None

In Re: PSWCD Interpretive Sign at Ag Building

Board members were advised that the Prince Edward County Planning Commission had recommended approval of a request from the Piedmont Soil and Water Conservation District to erect a 24" x 30" interpretive sign at the Natural Resources and Agricultural Building in the Prince Edward County Industrial Park.

A motion was made by Mr. McKay that the request be approved. The motion carried:

Aye:	Pattie Cooper-Jones William G. Fore, Jr. Sally W. Gilfillan Robert M. Jones Charles W. McKay James C. Moore Howard F. Simpson Lacy B. Ward	Nay: None

Mrs. Shanaberger also advised that her office planned to mail tax bills the week of October 16th.

Mr. Moore asked if any further consideration had been given to doing away with vehicle decals and adding the costs to personal property taxes. Mrs. Shanaberger indicated she was not in favor of eliminating decals as she found them to be a good tax collection tool.

In Re: Approval of Accounts and Claims

While reviewing the list of accounts and claims, Supervisor Cooper-Jones noted that a payment had been included for reimbursement to Mr. Jones for attendance at the Planning Commission meeting held September 11, 2006. Mrs. Cooper-Jones advised that the meeting on September 11th was the joint public hearing of the Board of Supervisors and Planning Commission on amendments to the zoning ordinance. She indicated she did not feel Mr. Jones was entitled to the reimbursement and asked that it be omitted.

There being no further discussion, the following accounts and claims were approved for payment by motion of Mr. Jones and carried:

------	---	-----------

the following resolution was adopted requesting a *Watch for Children* sign on Route 1001 (Via Sacra):

**A RESOLUTION OF THE
BOARD OF SUPERVISORS OF THE
COUNTY OF PRINCE EDWARD, VIRGINIA**

WATCH FOR CHILDREN SIGN – ROUTE 1001

WHEREAS, there is a need for one (1) “WATCH FOR CHILDREN” sign to be placed by the Virginia Department of Transportation on Route 1001 (Via Sacra) in the County of Prince Edward, Virginia;

NOW, THEREFORE, BE IT RESOLVED, that the Board of Supervisors of the County of Prince Edward, Virginia, does hereby request that the Resident Engineer of the Virginia Department of Transportation submit a request to the Transportation Commissioner to have placed the aforementioned sign in the following recreational area of the County of Prince Edward: *0.36 miles west of the intersection of Route 1001 and Route 692*; and

BE IT FURTHER RESOLVED, that the installation of the aforementioned sign as well as any future maintenance of the sign shall be from the secondary system construction allocation of the County of Prince Edward, Virginia.

In Re: Resolution – Watch for Children Sign-Route 1020/1021 (Massey Lane/Ropp Road)

BE IT FURTHER RESOLVED, that the installation of the aforementioned sign as well as any future maintenance of the sign shall be from the secondary system construction allocation of the County of Prince Edward, Virginia.

In Re: Route 307

As discussed during the Highway Work Session held just prior to this meeting, Mr. Moore asked that the Board take action initiating the process necessary to have the Commonwealth Transportation Board consider restricting through-truck traffic on Route 307 between Routes 460 and 360. Board members were advised that VDOT was currently conducting a study to determine if the road met the criteria set by the Commonwealth Transportation Board.

Mr. Moore moved that a letter be sent to the Virginia Department of Transportation asking that a sense of urgency be placed on the Route 307 Traffic Study. The motion carried:

Aye: Pattie Cooper-Jones
William G. Fore, Jr.
Sally W. Gilfillan
Robert M. Jones
Charles W. McKay
James C. Moore
Howard F. Simpson
Lacy B. Ward

Nay: None

In Re: Lunenburg County Resolution-2007 VDOT Business Plan

The Chairman advised that a request had been received from the Lunenburg County Board of Supervisors asking that Prince Edward join them in opposing proposed changes in the Turnkey Asset Maintenance Services (TAMS) and Area Headquarters Study of the 2007 VDOT Business Plan.

On motion of Mr. McKay and carried:

Aye: Pattie Cooper-Jones
William G. Fore, Jr.
Sally W. Gilfillan
Robert M. Jones
Charles W. McKay
James C. Moore
Howard F. Simpson
Lacy B. Ward

Nay: None

the following resolution was adopted:

**A RESOLUTION OF THE
BOARD OF SUPERVISORS OF THE
COUNTY OF PRINCE EDWARD, VIRGINIA**

~~~~~

**VIRGINIA DEPARTMENT OF TRANSPORTATION FY 2007 BUSINESS PLAN**

**WHEREAS**, it has come to the attention of the Prince Edward County Board of Supervisors that the Virginia Department of Transportation is preparing its FY 2007 business plan; and

**WHEREAS**, it appears there are two high visibility initiatives outlined in this plan—the Turnkey Asset Maintenance Services (TAMS) Contracts and the Area Headquarters Study; and

**WHEREAS**, Prince Edward County is a rural county and dependent upon VDOT for services and road maintenance; and

**WHEREAS**, TAMS contracts should not eliminate services provided to rural areas by Area Headquarters; and

**WHEREAS**, any reduction in Area Headquarters may reduce VDOT costs, but will increase emergency response time and the time required for snow-removal since chemicals will not be stored in the area, creating a hardship for all rural counties.

**NOW THEREFORE, LET IT BE KNOWN** the Prince Edward County Board of Supervisors opposes the closure of Area Headquarters in order to preserve services provided to the citizens of the County; and

**FURTHER**, the Prince Edward County Board of Supervisors opposes the reduction in local staff at Area Headquarters to maintain services provided to our citizens;

**FURTHER**, the Prince Edward County Board of Supervisors opposes outsourcing of maintenance activities through privatization.

In Re: Resolution-R.R. Moton Museum Transportation Enhancement Grant

The Board was advised that the Commonwealth Regional Council was assisting the Robert Russa Moton Museum with an application for Transportation Enhancement Grant funding through the Virginia Department of Transportation. The funding will be used to continue renovations on the building, specifically window replacement and floor insulation. The proposed grant project totals \$160,000. The Museum is requesting \$128,000 from VDOT and will use its FY 06-07 contribution from the County (\$30,000) and \$2,000 from the Museum's treasury for the required 20% local match. As part of the grant application, the Board was asked to adopt an endorsement resolution for the project.

On motion of Mr. Simpson, seconded by Mr. Moore and carried:

|      |                      |           |
|------|----------------------|-----------|
| Aye: | Pattie Cooper-Jones  | Nay: None |
|      | William G. Fore, Jr. |           |
|      | Sally W. Gilfillan   |           |
|      | Robert M. Jones      |           |
|      | Charles W. McKay     |           |
|      | James C. Moore       |           |
|      | Howard F. Simpson    |           |
|      | Lacy B. Ward         |           |

the Prince Edward County Board of Supervisors adopted the following resolution:

**A RESOLUTION OF THE BOARD OF SUPERVISORS OF  
THE COUNTY OF PRINCE EDWARD, VIRGINIA**

**TEA-21 GRANT PROGRAM  
PROJECT ENDORSEMENT RESOLUTION**

**WHEREAS**, in accordance with Commonwealth Transportation Board construction allocation procedures, it is necessary that a request by resolution be received from the local government or state agency in order that the Virginia Department of

Transportation program a transportation enhancement project in the County of Prince Edward, Virginia.

**NOW, THEREFORE, BE IT RESOLVED**, that the Board of Supervisors of the County of Prince Edward, Virginia, requests the Commonwealth Transportation Board establish a project for the improvement of the ***Robert Russa Moton Museum, Inc., A Center for the Study of Civil Rights in Education***; and

**BE IT FURTHER RESOLVED**, that the County of Prince Edward hereby agrees to pay a minimum 20 percent of the total cost for planning and design, right of way, and construction of this project, and that, if the County of Prince Edward subsequently elects to cancel this project the County of Prince Edward hereby agrees to reimburse the Virginia Department of Transportation for the total amount of costs expended by the Department through the date the Department is notified of such cancellation.

In Re: Statement of Endorsement – Virginia Department of Game and Inland Fisheries

The Board received a letter and information from the Department of Game and Inland Fisheries advising that the State had recently completed a Wildlife Action Plan that has the potential to:

- Prevent wildlife from becoming endangered;
- Become a driving force for wildlife conservation efforts in Virginia;
- Benefit the health of wildlife and people; and
- Create new partnerships between conservationists, sportsmen, scientists, and the Virginia Department of Game and Inland Fisheries.

*Teaming with Wildlife* is a national coalition of more than 3,000 organizations working to prevent wildlife from becoming endangered by supporting increased state and federal funding for wildlife conservation, outdoor recreation, and conservation education in every state. In 2000, the *Teaming with Wildlife* coalition helped pass national legislation to create the State Wildlife Grants Program. In the five years since its inception, this program distributed over \$400 million federal dollars to the states. Virginia's \$4.7 million portion is being used to support highly successful on-the-ground conservation programs that benefit both wildlife and people.

The Board packet included a Statement of Endorsement and a request that Prince Edward County join the *Teaming with Wildlife* coalition.

In Re: Web Site Committee Report and Recommendations

Supervisor Gilfillan, Chairman of the Web Site Committee, presented the following report and recommendations resulting from the Committee's meeting held September 26, 2006:

1. **The Committee recommended that the County enter into a contract with VA.GOV for the design and hosting services for the County's web site, and authorize the County Administrator to sign the contract.**

Mr. Moore moved approval of the recommendation. The motion carried:

|      |                                                                                                                                                                 |           |

2. **It was recommended the "Web Site Committee" be renamed the "Information Technology Committee" to better represent the committee's scope of work.**

A motion was made by Mr. Ward that the Board approve changing the name of the committee from the "Web Site Committee" to the "Information Technology Committee". The motion carried:

|      |                                                                                                                                                                 |           |

3. **The Committee requested the Board consider information it wished to include on the County's new Web Site.**

This matter will be on the December agenda and input solicited at that time.

4. **Consideration be given to public accessibility to technology and the County's web site through an information commons in the new public library and remote access points in the County. The Committee requested the Economic Development Office research grant funding sources. It was also noted that the library's information commons will need a responsible party to maintain/service the technology.**
5. **The Committee provided information for future budget consideration on the cost of current ISP providers and IT consulting services.**

Mrs. Gilfillan also requested that the Board approve having the County's new staff member, Mrs. VaLinda Snyder, assume the responsibility of taking minutes at all future meetings of the Information Technology Committee. Approval was granted.

In Re: Duties and Responsibilities of County Administrator's Position

Mr. McKay made a motion that Mrs. Sarah Puckett, the Assistant County Administrator, be authorized to function with the same duties and responsibility as the County Administrator until such time as the Administrator returns to work.

The motion carried:

In Re: Adjournment of Meetings

The Board reviewed a memorandum from Mrs. Gilfillan in which she addressed the confusion that had taken place involving the vote to adjourn the September 12, 2006 meeting. Mrs. Gilfillan requested that in the future, the Board "be certain to adjourn in such a way that everyone is clear a vote has occurred and understands the composition of that vote".

In response to a query from Mrs. Gilfillan as to whether a Board of Supervisors' meeting may legally adjourn with a less than majority vote or whether a majority vote is required, the County Attorney offered the following opinion:

“A motion to adjourn takes precedence over all other motions. The motion to adjourn cannot be debated or amended, and it cannot have a subsidiary motion applied to it. Additionally, a motion to adjourn cannot be reconsidered. A motion to adjourn, like all other motions, requires a majority vote of the members present to pass. If the motion to adjourn fails to obtain the votes of a majority of the members present, it fails.”

In Re: FOIA Request by Willie L. Shepperson

Supervisor Gilfillan asked if the County had responded to a Freedom of Information request from Mr. Willie L. Shepperson for copies of documents pertaining to the sale of 73.88 acres to Mr. Clayton C. Bryant, Sr. The property was sold in 2003 for \$225,000, and is adjacent to Crestview Subdivision.

Mrs. Puckett advised that all requested documents, that were available, had been forwarded to Mr. Shepperson. She also provided a copy of the County’s correspondence that accompanied the response.

In reviewing the County’s letter to Mr. Shepperson, Board members took note that bids received for the purchase of the property had been lost, and discussed an apparent \$25,000 discrepancy in the sale price listed on the settlement sheet. Mrs. Dickerson explained that the \$25,000 being referenced was a fee paid by the purchaser for services rendered by the real estate agent.

Following some further discussion, a motion was made by Mrs. Cooper-Jones that the County request certified copies of the bids from the two individuals who submitted bids for the purchase of the property. The motion carried:

In Re: Virginia Institute of Government Compensation Survey System

Mrs. Gilfillan asked if the County was part of the Virginia Institute of Government Compensation Survey System.

The Chairman advised that it was.

In Re: 2006 City & County Technology Summit

Supervisor Gilfillan requested the Board begin sending a representative to the annual City & County Technology Summit.

Chairman Fore advised that the cost to attend the summit would be \$4,000 and asked that a line-item be added to the budget for this expense.

In Re: Request for Status Report on Poplar Hill CDA

The agenda packet included a letter from Mr. Ward that was addressed to Mr. Simpson, the Board's representative to the Poplar Hill Community Development Authority (CDA). In the letter, Mr. Ward requested an in-depth status report on the CDA's operations with "particular attention to the foreclosure action and its impact on the overall CDA plan; the overall financial status of the CDA to include loan balances, income for operation of the golf course, etc."

Supervisor Simpson advised that copies of the minutes of the CDA's monthly meetings were regularly included in the Board packet, and he was not at liberty to publicly disclose matters discussed during closed session of CDA meetings. He suggested that Mr. Ward contact the CDA's Attorney, Mr. Harlan Horton, for information with regard to the CDA's operation and income.

Mr. Ward posed several questions. He was interested in the disposition of monies the CDA received from the Virginia Tobacco Commission that had been earmarked for the inn and conference center, particularly since the bank foreclosed on the property proposed for the facilities. He also asked if the foreclosure would have an affect on the inn and conference center, and whether the CDA was up-to-date on its payments for the \$8.8 million guaranteed loan received from USDA Rural Development. In referencing the minutes of the August 9, 2006 CDA meeting, Mr. Ward questioned the proposal to collect fees from Hampden-Sydney College and Longwood University for use of the golf course by their respective collegiate teams, and to negotiate with the private development groups for a portion of the infrastructure development costs. He felt such proposals indicated the CDA was having problems meeting its financial obligations.

Mr. Ward gave the following reasons for his questions: 1) the CDA was not a private business, 2) the Board of Supervisors had an interest in the venture because it had given the authority for the CDA to exist, and 3) the County had invested extensive human resources in the project.

After some further discussion, a motion was made by Mrs. Gilfillan that the Board of Supervisors request the CDA provide copies of all its audited financial statements since its inception, as well as a plat of the property within the CDA District depicting the acreage owned by the CDA and all other property owners. The motion carried:

|      |                                                                                                                                                                 |      |      |

In Re: Request for Administrative Investigation

Supervisor Ward requested the Board “conduct a thorough investigation into certain allegations relative to management of the maintenance department and certain employee conduct”. He felt that due to the County Administrator’s responsibility for the operation of the maintenance department, she should not participate in the investigation except as a witness; and that Supervisor Simpson be excluded because one of his relatives is employed in the maintenance department.

Mr. Ward indicated the maintenance department was in shambles. “There are some very, very unhappy people in our maintenance department...If we start pressuring people to retire or requesting information on when they are going to retire, we are dealing with a protected class. To harass people during their illness is also dangerous. I have allegations that County property has been used in private businesses by maintenance department employees. I have allegations that maintenance department employees have used their County pager number in their private business ads in THE FARMVILLE HERALD. I have allegations of harassment in an attempt to have an employee leave his position.

We know that is being done and we know why it is being done. We have been harassing one person so we can favor another person. All of this has a bearing on how we, or our staff, is managing our maintenance

department...It makes it even more shameful when the person being favored is a relative of a Board member. That adds to the anger of the people in the employment.”

Chairman Fore interrupted Mr. Ward advising that if he wished to continue his comments, the Board should go into closed session “to discuss all of the issues”.

Mr. Ward then made a motion that a committee be convened consisting of members of the Board of Supervisors, with certain exclusions, to investigate the management of the maintenance department and conduct of certain employees within the maintenance department, and make a report back to the Board. He asked that the Vice-Chairman not be part of the committee, and the County Administrator only be involved as a witness.

During discussion of the motion, Mr. McKay questioned whether Board members were qualified to conduct such an investigation. Mr. Ward advised that he had extensive experience in investigations as it had been his life’s work, and offered his services to the committee.

The County Attorney reminded the Supervisors that any legal determination regarding a conflict of interest would have to be decided by the Commonwealth’s Attorney.

Chairman Fore called for a vote on Mr. Ward’s motion. The motion was defeated:

In Re: Responding to Supervisor’s Requests

Mr. Ward asked that the Board clarify what action should be taken when a staff member refuses to respond to a Supervisor’s request. He advised that although the matter had been discussed as part of the September 12, 2006 agenda, he did not feel it had been resolved as the meeting became disruptive and was adjourned.

Mr. Jones reminded Mr. Ward that during the September meeting it had been stated, “employees of the County do not answer to one Board member, they answer to the whole Board.”

Mr. Ward asked for clarification. Mr. Jones responded, "Unless it is a majority vote of the Board, to ask a County employee to do something or make a response to something, they are not required to do it. They work for the Board as a whole, not for each individual Board member."

Chairman Fore agreed, stating it would be out of bounds for a single Supervisor to ask a staff member to respond to him or her.

As the discussion continued, Mr. Ward made a comment referencing the County Administrator and her salary. The County Attorney interrupted cautioning Board members of the need to go into closed session if such comments were going to continue to be made.

Mr. Ward told the Board it "would be sorry for (its) attempts to cover up the dirt that is going on in this County. It is dirt. We are treating some of our employees like dirt, so we can favor others. Mark my word, you may be sorry of relying on your five votes to protect dirt and wrongdoing...We should be thinking about the employees. We don't even look at rules anymore. They don't mean anything to us. If we feel someone broke the rule, we will hide the record from those who might want to correct the rule. Yes, we are divided on this Board and that is healthy. Somebody wants to do what is right and somebody wants to leave it like it is."

In Re: Resolution-Drought Disaster

The Board received a letter from Mr. Bobby Long, Extension Agent, advising that a recent analysis of crop conditions in the County determined that insufficient spring and summer rainfalls, coupled with sustained high temperatures during parts of July and August, caused significant losses to hay and pasture in the County. He requested the Board adopt a resolution petitioning the Governor to declare Prince Edward County as a drought disaster area for 2006.

On motion of Mr. Ward and carried:

Aye: Pattie Cooper-Jones  
William G. Fore, Jr.  
Sally W. Gilfillan  
Robert M. Jones  
Charles W. McKay  
James C. Moore  
Howard F. Simpson  
Lacy B. Ward

Nay: None

the following resolution was adopted:

**A RESOLUTION OF THE  
BOARD OF SUPERVISORS OF THE COUNTY OF PRINCE EDWARD, VIRGINIA  
REGARDING THE 2006 DROUGHT DISASTER**

**WHEREAS**, a recent analysis of crop conditions in the County of Prince Edward, Virginia, has determined that insufficient spring and summer rainfalls, coupled with the sustained high temperatures during parts of July and August, have caused significant losses to hay and pasture; and

**WHEREAS**, rainfall totals in the County of Prince Edward, Virginia for the first eight months of 2006 reach only 15.6 inches; and

**WHEREAS**, drought conditions have resulted in about a 50% average loss on 13,765 acres of pasture and hay fields in the County of Prince Edward, Virginia; and

**WHEREAS**, the above losses are valued at over \$850,000; and

**WHEREAS**, it is incumbent upon the Board of Supervisors of the County of Prince Edward, Virginia to request that the Governor of Virginia declare the County of Prince Edward a drought disaster area;

**NOW THEREFORE, BE IT RESOLVED**, that the Board of Supervisors of the County of Prince Edward does hereby direct the County Administrator to file with the Governor of Virginia a request that the County of Prince Edward be designated a drought disaster area.

In Re: Virginia Association of Counties – Voting Credentials for Annual Meeting

The 2006 annual business meeting of the Virginia Association of Counties will be held on Tuesday, November 14<sup>th</sup> at The Homestead. Chairman Fore advised that the Board needed to designate a representative to cast its vote(s) at the meeting.

A motion was made by Mr. Moore that Chairman Fore be named as Prince Edward County's voting delegate, with Vice-Chairman Simpson to serve as the alternate. The motion carried:
