County of Prince Edward
Planning Commission
Agenda Summary

Meeting Date: December 19, 2017
Item No.: 1
Department: Planning and Community Development
Staff Contact: Rob Fowler
Issue: Proposed Zoning Amendments

Summary:

Prince Edward County staff was contacted recently regarding the process to establish an operation of building sheds/storage buildings for wholesale in the A1, Agricultural Conservation zoning district. After reviewing the current zoning ordinance there is a provision to allow "Sawmills and Woodyard operations" by Special Use Permit. By definition it allows the use of land for the storage of harvested timber and/or sawing of the timber into lumber products.

Staff suggests that the Planning Commission add a classification of "Custom Manufacturing" as a use allowed by Special Use Permit in the following zoning district:

A1, Agricultural Conservation District

Applicants would have to meet the current development standards outlined in the ordinance and comply with any additional building codes or other state agency requirements.

The current zoning ordinance provides a definition of Custom Manufacturing as "Establishments primarily engaged in the on-site production of goods by hand manufacturing, within enclosed structures involving the use of hand tools, or the use of mechanical equipment commonly associated with residential or commercial uses".
