## May 13, 2014

At the regular meeting of the Board of Supervisors of Prince Edward County, held at the Court House, thereof, on Tuesday, the 13<sup>th</sup> day of May, 2014; at 7:00 p.m., there were present:

Howard M. Campbell Pattie Cooper-Jones Robert M. Jones Charles W. McKay Howard F. Simpson C. Robert Timmons, Jr. Jerry R. Townsend Jim R. Wilck

Also present: Wade Bartlett, County Administrator; Sarah Elam Puckett, Assistant County Administrator; and Jim Ennis, County Attorney.

Chairman Simpson called the meeting to order. Supervisor Townsend offered the invocation.

## In Re: Public Participation

**Reinhardt Gray**, Park Manager, High Bridge Trail State Park, stated approximately 194,000 people attended the State Park and the High Bridge Trail over the past year and it is estimated the revenue provided was more than \$3.1 million to the Counties served. He presented an overview of the project, adding the work is being done to complete the Pamplin and Burkeville areas. He expressed his appreciation of the County's support in this project.

Supervisor Campbell inquired about the maintenance at the park; Mr. Gray stated the staff will begin cutting grass soon, but due to the lack of a state budget, they are unable to hire additional staff.

**Jack Houghton**, Farmville District, expressed his opposition to a 19% increase in the real estate tax rate and commended the Board on its creation of the Finance Committee to review ways to address the proposed increase and find alternatives. Mr. Houghton requested the Board review the County's health

insurance benefits, adding the current plan is considered a "Cadillac plan" and the County may face a penalty in the future.

**Henry Shelton**, Prospect District, expressed his opposition to the proposed tax increase just for the purpose of enhancing the County department heads salary and insurance benefits along with special projects; he stated the public doesn't know what the money is going for. He praised Supervisor Timmons for his work.

**Sam Campbell**, Prospect District, thanked the Board for voting down the tax increase at the previous meeting and for creating the Finance Committee. He then questioned the purpose of the line item, "Parks, Recreation and Cultural" for \$158,350. Mr. Bartlett stated that is a combination of items to outside agencies which includes PEFYA, the YMCA and others.

Mr. Campbell then stated the disparity between what citizens in the county are facing with their costs in coverage in health insurance and what county employees are paying and the benefits is tremendous. He said the costs for the insurance for employees represent more than 10% of the real estate tax receipts, he requested the Board revisit this and bring costs down.

**Richard Altice**, Hampden District, expressed his concern regarding the County's health insurance plan for its employees stating it is far above what the County can afford. He requested the Board seek out and cut duplicate functions and extraneous expenditures, to reduce regulations to "get out of the way of businesses" trying to open in the County, and to not use County money to subsidize businesses. He stated the Board should study how to improve Prince Edward County's suitability and attractiveness to businesses without dipping into the citizens' pocketbooks. Mr. Altice then requested that Supervisor McKay schedule a Town Meeting at the Hampden-Sydney firehouse.

Supervisor McKay said he will check his calendar but he is not prepared to set a date at this time.

**Kenneth Jackson**, Lockett District, expressed his concern regarding the proposed tax increase and the information presented previously regarding job creation in the county. He added that no one has moved to bring jobs or real revenue to boost the County's economy. Mr. Jackson stated the County needs new schools and cannot compare itself to areas such as Chesterfield and Henrico, as they have growth. Mr. Jackson stated Halifax and Wytheville have grown. He encouraged the Board to revamp the agricultural industry. **Earl Wallace**, Lockett District, praised the Sheriff's department and the response time; he said the County and citizens should do everything possible to support them.

#### In Re: Board of Supervisors Comments

Supervisor Campbell announced he is planning a Town Meeting in Prospect and plans to also hold a Neighborhood Watch in the Tuggle and Prospect areas.

Supervisor Timmons recognized Craig Burns, Boy Scout from Troop 6596, who is working on his Community Service and Citizenship merit badges. Supervisor Timmons then announced he is holding a Neighborhood Watch and a Town Hall Meeting on the third Monday in July in the Buffalo district.

Chairman Simpson stated the tax rates for the previous years were as follows: in 1991, the tax rate was \$0.42; then for a few years it went to \$0.45; in 1994 it was raised to \$0.59, a 14 cent increase. Then it was \$0.50, then \$0.59, then in 2003 it dropped to \$0.43, then \$0.50, then \$0.57, then \$0.58 and \$0.57, then in 2009 it was \$0.40. In 2010 it was \$0.42 and has been that to the present.

Supervisor Cooper-Jones thanked the citizens for attending the meeting. She stated it was interesting to read the budget and is hopeful the Finance Committee can find a way to avoid raising the taxes. She stated VACo is holding classes for Supervisors on budgeting and encouraged all to attend; they are being held May 29 and July 29.

Supervisor Wilck stated the previous Chairman had presented a "State of the County" speech each year. Supervisor Wilck requested Chairman Simpson to present such a presentation in the near future.

## In Re: Highway Matters

Mr. Kevin Wright, Residency Administrator, VDOT, stated the Six Year Plan includes work to be done on Route 643, Route 601, Route 725, Route 628, and Route 619. He stated funding has been allocated for unpaved roads; VDOT took the information from the workshop with the Board and reviewed the areas of concern such as the number of houses and the traffic count in those areas to prepare a prioritized list, as follows:

- Route 725 and Route 628 (Watson and Campbell Crossing)
- Route 705, Lakeside Road

Mr. Wright stated that in 1995, when the county filled the Sandy River Reservoir, a 0.45 mile section of State Route 605 and a 0.25 mile section of State Route 606 were permanently flooded and both roads were dead-ended on each side of the reservoir. VDOT is now asking the Board of Supervisors to take the necessary procedural actions to officially abandon the flooded sections of Routes 605 and 606. This is procedural action to correct a deficiency in the official VDOT records. No additional roadway is being impacted by the Sandy River Reservoir. Once the abandonment is official, VDOT will change the state route number of the western portion of Route 605 (Gates-Bass Road) to State Route 799 and the western portion of Route 606 (Old Metcalf Road) to State Route 798.

Supervisor McKay made a motion to authorize advertisement of the draft Notice for Public Hearing at its July 8, 2014 meeting regarding the abandonment of Route 605 and Route 606; the motion carried:

## In Re: Public Hearing: School Board Appointments

Chairman Simpson announced that this was the date and time scheduled for a public hearing on the Prince Edward County School Board Appointments. Notice of this hearing was advertised according to law in the Friday, May 2, 2014 and Friday, May 9, 2014 editions of THE FARMVILLE HERALD, a newspaper published in the County of Prince Edward.

At the April Board meeting, the Board authorized a public hearing on the candidates for School Board for Districts 101 and 801:

District 101 –	Peter Gur, Ph.D. Linda Leatherwood
District 801 –	Lawrence C. Varner, M.D.

Chairman Simpson opened the public hearing.

Richard Altice, Hampden District, requested the Board closely consider the appropriateness of the School Board members to be appointed. Mr. Altice compared the costs per pupil between private schools and Prince Edward County Schools; he suggested the use of vouchers. He then requested that no one on the school board be reappointed and that all should be replaced.

Sam Campbell, Prospect District, expressed his disappointment that the schools performance rates are lower than the standard and Prince Edward County spends more money per pupil than most schools. He stated the problem must be the lack of performance by the school board, the school administration and the superintendent. He said enrollment is decreasing but the schools are requesting more than \$1 million. He requested the Board not reappoint anyone to the School Board currently serving because of poor performance. Mr. Campbell stated it may be time for the citizens to begin the process for elected school board members.

There being no one further wishing to speak, Chairman Simpson closed the public hearing.

Chairman Simpson stated the Board will appoint School Board members at its June 10, 2014 meeting.

Supervisor Timmons requested a time to speak with the candidates. Discussion followed; the Chairman said he will request all prospective School Board members attend the June 10 meeting.

## In Re: Virginia Retirement System Rate

Mr. Bartlett reported that during the 2012 General Assembly session they approved legislation that offered localities and schools some budget relief by allowing local governments to choose to pay an alternate (lower) rate than the actuarially determined and VRS Board certified rate. At that time, the Board decided to pay the full certified rate, which was 12.25%.

For the FY 2015-2016 biennium, the County's certified rate is 11.4%, which is a reduction of .85% over the current rate. Counties again are offered the opportunity to select an alternate VRS rate. That alternative rate is 10.11%. The selection of the lower rate would save the County \$50,355 which includes Piedmont Court Services.

As of June 30, 2012, the most recent actuarial valuation date, the County's retirement plan was 70.39% funded while the school's was 79.83% funded. VRS cautions if you are considering using the alternative rate, be aware that doing so will:

- Reduce contributions to your employer account and the investment earnings they would have generated, which means there will be fewer assets available for benefits;
- Result in a lower funded ratio when the next Actuarial Valuation is performed and, thus, a higher calculated contribution rate at that time;
- And require that you include the Net Pension Obligation (NPO) under the Governmental Accounting Standards Board (GASB) Standards in your financial statements.

Choosing the lower rate will guarantee the County's VRS rate will be higher in the future than it would be otherwise. As an example, in 2012, Lunenburg County chose the lower rate of 9.84% instead of the certified rate of 14.42%. Their renewal rates are now either 15.25% for the certified rate or 12.2% for the alternate rate. While there are many factors that impact the VRS rate for a locality, the amount of funds available to be invested is probably the most important. Reducing that amount robs the County of the ability to earn a return on those investments or the compounding of those investments which eventually the County must repay.

Supervisor Timmons made a motion to adopt the Resolution of Employer Contribution Rates for Counties, Cities, Towns, School Divisions and Other Political Subdivisions with a Certified Rate of 11.4%; the motion carried:

Nay: None

Aye: Howard M. Campbell Pattie Cooper-Jones Robert M. Jones Charles W. McKay Howard F. Simpson C. Robert Timmons, Jr. Jerry R. Townsend Jim R. Wilck

# In Re: County Administrator's Report

Mrs. Sarah Elam Puckett, Assistant County Administrator, stated the County received a telephone

call from Dominion Power regarding a proposed wholesale natural gas pipeline from West Virginia to

Fayetteville, North Carolina, that would potentially impact property owners in the eastern portion of Prince Edward County. She stated information will be mailed to those impacted property owners on or around Friday, May 16<sup>th</sup>. Mrs. Puckett said the proposed 36"- 40" pipeline will follow a straight line from Wintergreen to Fort Pickett, and Dominion Power owns approximately 33% capacity of the Colonial Pipeline.

Supervisor McKay questioned the ability for Prince Edward County to tap into the pipeline; Mrs. Puckett stated the Dominion Power representative said that for a price, localities can purchase a Tconnection pipe to be installed. At a later date, if the local natural gas distribution company wished to do gas distribution in this locality, the connection point would already be there. The local distribution company is Columbia Gas; the County would have to work through Columbia Natural Gas Company to access the line. Mrs. Puckett said she encouraged Dominion Power to come to the County to hold an informational meeting soon.

#### In Re: Appropriations

Mr. Bartlett reported the Clerk of the Court will receive \$14,665 from the Technology Trust Fund. These funds will be used to pay for the server, computers, monitors and scanners purchased to implement the new records management and case imaging system. The Clerk is requesting the Board appropriate \$14,665.

Mr. Bartlett then stated that on February 12, 2014, during one of the winter snowstorms, a citizen ran into one of the Sheriff's vehicles, a 2008 Ford Explorer. The vehicle was totaled. The Sheriff is requesting the County allow him to purchase an SUV to replace this vehicle. The cost of the new vehicle and all the accoutrements will be approximately \$32,603. The County has received a total of \$10,642 from the insurance company for the totaled vehicle; the County has received a total of \$16,745 in insurance recoveries through the end of April. These funds have not been budgeted or appropriated and can be used to help fund this purchase. Additionally, the County has received more revenues than budgeted in the taxes received from Public Service Corporation; these additional revenues can also be budgeted and used to assist in making this purchase.

Supervisor Jones made a motion to approve the budget amendment and appropriate the funds as

follows:

#### FY 2014 Budget Amendment

		Debit	Credit
3-100-23000-0080	Technology Trust Fund		\$14,665

## In Re: 2014/2015 County Health Insurance Program

Mr. Bartlett stated the Prince Edward County Finance Committee is requesting the Board of Supervisors revisit the County Health insurance program in an effort to reduce or eliminate the proposed real estate tax increase. While the deadline for informing Local Choice of the County's desire concerning Health Insurance has passed, the Program Manager for the Local Choice Program will allow the County to make adjustments to the plan if we so request. The Committee is requesting the Board consider adopting one of the following two options regarding health insurance.

The first option is to leave the plans offered as they are (Key Advantage Expanded and Key Advantage 250) but the County would provide 90% of the cost of the Key Advantage Expanded (\$585) and the employee would pay the remainder of the plan cost. This would be \$65 if the employee chose the Key Advantage Expanded option and \$17 if the employee chose the Key Advantage 250 plan. The payment by the employee would be from pre-taxed dollars. Such a plan would decrease the County's cost for Health Insurance by approximately \$58,562 in the General Fund, \$24,180 in the Social Services fund and \$7,020 in the Piedmont Court Services Fund for a total of \$89,762. Per the program manager, this would be the least disruptive way in which to change the County's plan at this late date. The Program Manager stated he

would "need the data sheet back in the next two weeks or we won't be able to guarantee timely processing."

The second option has previously been discussed by the entire Board, which would be to change the plan funded 100% by the County to the Key Advantage 500 plan at a cost to the County of \$555 per month per employee, which would reduce the County's cost by \$122,532. To help defray the increase in costs to the employees, the County would issue a \$250 Health Reimbursement Card that could be used after an employee has met the first \$250 of the deductible. That card would cost the County \$27,250. The County would also hire Mrs. Grasso's firm to manage the program at a cost of \$5,000. The net savings to the County would be \$90,282. The second plan offered by the County would be the Key Advantage 250 plan. If an employee chose that plan, the County would provide \$555 for each employee and the employee would have to pay \$47 monthly.

Concern was expressed regarding the denial of claims affecting credit reports and about the insurance not covering claims due to the late date of this program change. After some discussion regarding those concerns, Supervisor Timmons stated Mrs. Grasso's firm would make sure payments are made. Questions were raised regarding the out of pocket expenses to the employees.

Supervisor Timmons made a motion to amend the County's Health Insurance plan to the Key Advantage 500 plan to include the \$250 Health Reimbursement Card that could be used after an employee met the first \$250 of the deductible; the motion carried:

Aye:	Pattie Cooper-Jones	Nay:	Charles W. McKay	Abstain: Howard M. Campbell
	Robert M. Jones		Howard F. Simpson	
	C. Robert Timmons, Jr.		Jerry R. Townsend	
	Jim R. Wilck			

Supervisor McKay stated he received a lot of telephone calls regarding changing the insurance plan; he told the callers that he would vote against the change this year, but would not be able to say that again next year.
